

Harney Domestic Well Remediation Fund

What Does the Program Fund?

OWRD has \$485,000 available to reimburse homeowners in the [Greater Harney Valley Groundwater Area of Concern](#) (GHVGAC) for a portion of the cost to repair or replace and abandon a household water well. The well must provide or have provided household water for homes constructed before April 15, 2016.

What Area Is Eligible for Funding?

The area within the pink boundary of the map shown on the right is the GHVGAC and wells within that boundary are eligible for funding. Visit the website below for more eligibility information.

How Will Applications Be Prioritized?

Funding will be prioritized for wells that do not supply enough water to meet household needs, wells in areas of the highest groundwater declines (brown areas on the map), and applicants with low to moderate income.
