

HARNEY COUNTY COURT MEETING PROTOCOL

Harney County strives to have open and informative meetings. We encourage and want to hear from the public when an item of importance is on the agenda.

The process for hearing comments will be during the 'Public Comment' portion of the agenda only. Comments will be allowed only for agenda items of the day. There will be a form provided to sign up for an agenda topic you wish to speak on. There will be no open dialogue allowed between constituents in the room. Commissioners may ask clarifying questions of the commentator at this time.

Exceptions may be considered by the Court.

The Harney County Court always has important business to attend to during their court meetings. These protocols will be in place for all public meetings. All members of the public that attend the Harney County Court meetings shall be courteous and respectful as public comment is given. Public participation by all members of the public are welcome.
