STF/STIF
August 22, 2023
2:00PM

- Call STF/STIF meeting to order
- Present were Lisa Moody, Darlene Needham, Cheryl Land, Beverly Bowers, Pete Rerunnels, Wes Jones, Linda Kaesemeyer, Kathie Oatman and Sue Weathers (as a visitor).
- Lisa asked that we stick to the agenda at the beginning of the meeting so we could talk about what was needed first.
- The minutes from the September 2022 meeting were approved by Bev and Linda.
- The board voted that Lisa Moody should be the chair and Beverly Bowers is the Vice-chair.
- We discussed openly (without notes), the Transportation reports for the last six months. The board was impressed that the fixed route is doing so well.
- Lisa explained that the grant for 5 to 12 was now in place and parents are using it, we have some Crane kiddoes has well this year.
- We looked over the budget for transportation, and everyone seemed to think it was fine. Beverly was concerned that it wasn't enough, Lisa assured her we would be fine.
- Pete asked about the benches. There is more to it than just putting a bench out. We will have to maintain the area in the winter and we don't have the extra funding for that yet. The goal is to get benches after the fixed route is in place.
- The new fixed route project is still being worked on. All of the stops have been established. Lisa will get with the city and find out if they have ordered the signs needed yet.
- We discussed the bird houses, and how they will have to be moved as they are causing some of the bus stop signs to fall over. They will be given back for redistribution.

- Other than the completion of the fixed route all the other transportation projects are in place.
- 2:58 meeting adjourned.

Respectfully submitted,

Lisa Moody.
